

VINTAGE BONNET

© Sidsel Sangild, please do not resell this pattern

Hook 2 mm

Yarn: Fingering weight, mix of cotton and wool

Gauge: The sizing of the bonnet is done by measuring the diameter after row 5 and 6. A rule of thumb is that the diameter*3 gives the head circumference (blocked and stretched!!!)

Sizes: 3-6 months and 6-9 months???

Size shown: 6-9 months. It is actually a bit big for Luna age 7 months, but I know I crochet on the loose side. I would love some input on the sizing! I didn't actually crochet the small size, so please tell me if it works, you might need to do more repeats of row 5 to make it fit.

BOTH SIZES
